

Installing the **SOL Test.HBW Account** on your **MacBook Air**

Step 1 - Installing the SOL Account

To Install the SOL Test.HBW on your computer:

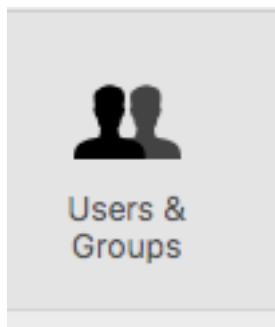

1. In the Dock on your Mac, click the **App Catalog** icon.
2. Locate the **SOL Account - HBW 2018-19** App and click **Install**.
3. Click **Install** on the Confirmation Installation window.

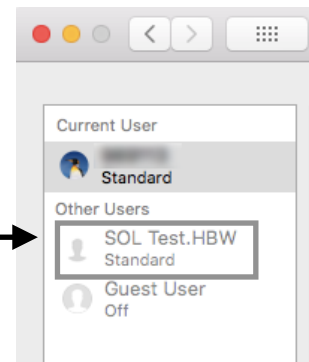

Step 2 - Monitor Installation Progress

Installation of the SOL Account can take up to ten minutes. To monitor your progress:

1. In the Dock on your Mac, click the **System Preferences** icon. 
2. Click **Users & Groups** in the **System Preferences** window.

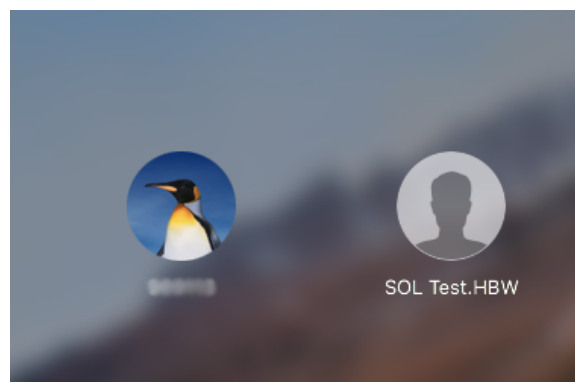

3. The process is complete when the **SOL Test.HBW** account appears on the **Other Users** list.
4. **Log Out** of your student account.

Step 3 - Log into SOL Test.HBW

Log into the SOL Test.HBW account to complete the TestNav installation:

1. On the **Login Screen**, choose the **SOL Test.HBW** account.
2. Use the account password: **sol**.

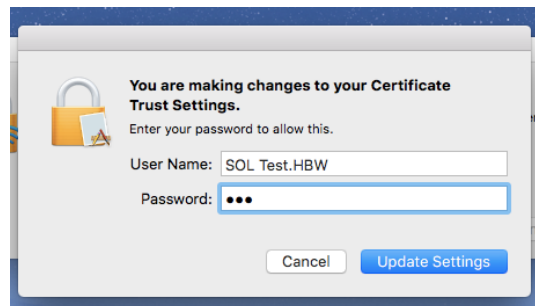

LANGSTON: Installing the SOL Test.HBW Account on your MacBook Air

3. Select the **APS** WiFi network.
4. Use your student credentials to log in. Username: (Student ID) and Password: (StudentVue).

5. Select **Continue** to verify the Certificate.
6. Enter the account Password: **sol** and click **Update Settings** to make the changes.

7. Launch the **TextNav App**. The Icon is located on the Desktop.

8. If this screen appears, the installation process is complete.
